Contents of Vol. 21

Vol. 21, No. 1

Repeated dose inhalation toxicity of cinnamic acid smoke
T.C. Marrs, H.F. Colgrave, J.A.G. Edginton and N.L. Cross (Salisbury, U.K.) 1

Model for estimation of chlorinated solvent release from waste disposal sites
J.C. Walton, A.S. Rood, R.G. Baca and M.D. Otis (Idaho Falls, ID, U.S.A.) 15

Studies on thermal stability, autoignition and stabilizer depletion for shelf life of CMDB propellants
S.N. Asthana, C.N. Divekar and H. Singh (Pune, India) 35

Response and cleanup efforts associated with the white phosphorus release, Miamisburg, Ohio
W. Scoville (Cincinnati, OH, U.S.A.), S. Springer (Chicago, IL, U.S.A.) and
J. Crawford (Dayton, OH, U.S.A.) 47

More efficient use of animals in acute inhalation toxicity testing
W.F. ten Berge (Geleen, The Netherlands) and A. Zwart (Zeist, The Netherlands) 65

The repeated dose toxicity of a smoke containing disperse blue 180 an anthraquinone dye mixture
T.C. Marrs, H.F. Colgrave, P. Rice, J.A.G. Edginton and B. Morris (Salisbury, England) 72

U.S. EPA Project Summary
Remedial action costing procedures manual
B. Burgher, M. Culpepper and W. Zieger (Cincinnati, OH, U.S.A.) 89

Vol. 21, No. 2

Project Report
Research on continuous and instantaneous gas clouds
M. Nielsen and N.O. Jensen (Roskilde, Denmark) 101

Review
On the problems and future of safety and risk analysis
J. Suokas and R. Kakko (Tampere, Finland) 105

A study of blast characteristics of several primary explosive and pyrotechnic compositions
L.V. de Yong and G. Campanella (Melbourne, Australia) 125

Theoretical and experimental study on the propagation of heat inside deposits of coal
D.N. de Faveri, C. Zonato, A. Vidili and G. Ferraiolo (Genoa, Italy) 135

Predicting the consequences of short-term exposure to high concentrations of gaseous ammonia
F. Pedersen and R.S. Selig (Birkeroed, Denmark) 143

Study of the organic contaminants released to the environment during the disposal of rocket motors by burning
E.D. Erickson (Lansing, MI, U.S.A.), J.H. Johnson (China Lake, CA, U.S.A.), S. Ruven Smith (Storrs, CT, U.S.A.), H.F. Cordes, D.A. Fine and D.J. Knight (China Lake, CA, U.S.A.) 161

U.S. EPA Project Summary
The electrical leak location method for geomembrane liners
G.T. Darilek and J.O. Parra 177

Vol. 21, No. 3

Special Issue: Chronic Hazards and Risk perception

Guest Editorial
Chronic hazards and risk perception — An overview
J.B. Cox (Washington, DC, U.S.A.) 197

The evolution of chronic harzard evaluation
T. Robinson and R. Yodaiken (Washington, DC, U.S.A.) 201

The effective number of cigarettes inhaled daily by passive smokers: Are epidemiologic and dosimetric estimates consistent?
J.M. Robins, D. Blevins and M. Schneiderman (Boston, MA, U.S.A.) 215

Comparison of risk management in U.S. regulatory agencies
J.V. Rodricks and M.R. Taylor (Washington, DC, U.S.A.) 239

Journalism's failure on nuclear power information
B.L. Cohen (Pittsburgh, PA, U.S.A.) 255

Risk perception: Changing the terms of the debate
H.I. Sharlin (Washington, DC, U.S.A.) 261
